AGENDA TITLE: Contract Award for White Slough Water Pollution Control Facility (WSWPCF)
Holding Pond No. 1 Embankment Rehabilitation (\$91,310)

MEETING DATE: July 1, 1998

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract for the above project to Asta Construction, of Rio Vista, in the amount of \$91,313.25, and appropriate funds in accordance with the recommendation shown below.

BACKGROUND INFORMATION: This project consists of the excavation of eroded soil from the pond bottom, placement and compaction of eroded soil on the embankments of Holding Pond No. 1, the installation of riprap on the slopes, and other incidental and related work as shown on the plans and specifications for the project.

Plans and specifications for this project were approved on May 6, 1998. The City received the following ten bids:

Staff is recommending that \$20,000.00 from the WSWPCF boiler replacement project be transferred to the WSWPCF Holding Pond No. 1 Embankment Rehabilitation Project to fund the project. The boiler replacement project at White Slough has been completed and funds for this budgeted item are available for the Holding Pond No. 1 Embankment Rehabilitation Project.
